

## Text Rendering Strategy Connecting Reading and Writing

### **Reading:**

**Step 1:** Ask students to read silently or read the piece aloud to the student.

**Step 2:** Students re read the article looking for the sentence, phrase, and word that best represents the ideas of the article. Students highlight or underline their chosen sentence, phrase, and word.

**Step 3:** Student will write down each sentence, phrase, word on strips provided.

**Step 4:** In small groups students will share why they chose their sentence, phrase, word.

**Step 5:** In small groups chose one sentence, phrase and word for their group.

**Step 6:** Post the chosen sentence, phrase, word around the room.

**Step 7:** Gallery Walk: Students will walk around the room and read. Ask students to identify themes and commonalties to be discussed in small group.

**Step 8:** Share out with the class.

### **Writing:**

Have students write a summary of the original text using as many of the use the words or phrases the class posted.
